

Hi Barbara,

So far we are alright!
We have regular meetings with the parents and with the staff and that is encouraging!

The bad news is that Lalise had an accident and her hand is injured.

She has not been coming to the school the past 2 weeks.

Dear all,

We truly appreciate all the materials and toys were received.

The stools and other wooden toys, the crayons, etc.

It is wonderful to have Barbara over and it is amazing how she and your support is able to inspire us more and deeper each time.

We now have 12 children and hope to continue to grow.

Unfortunately the internet is not working and in order to send the photos,

we have to go through a lot of effort to find a place with a connection fast enough.

We will do so however as soon as possible!

Once again Thank You for everything!

Heran

Love & Light
